

# Maximize Value

## On-Net to On-Net Calling (Outside Office)

*Free calls can be made anywhere in the world within your PVN network, including:*

- Satellite offices
- Inter-office
- Key business contacts (supply chain vendors, customers, etc.)

1. Caller dials PVN access extension connected to Max gateway.

2. Caller receives dial tone and dials the appropriate PVN extension.

3. Max gateway sends call request message to PVN server.

4. PVN server authorizes call.

5. Call is delivered to an extension on the PVN network.
